#### Introduction:

I am pleased to share with you the 2018-2020 NTDSE Strategic Plan. This plan was developed with input from a diverse team of parents/families, staff, Governing Board members, Superintendents, District liasons and community members. These Stakeholders helped create this plan through a SWOT (Strength, Weakness, Opportunities, and Threat) analysis conducted by the Governing Board in Spring of 2017. Through the SWOT analysis and survey data, this document was created to help chart the future of NTDSE. I would like to express my sincere gratitude to all those who volunteered their time and talents to help create this plan to guide our future.

The diligence and foresight of our Planning Team reaffirmed the exisiting Mission (2007), Beliefs (2007), Vision (2011) and Purpose(2011) statments that have guided our organization. The Planning Team focused on updating the NTDSE Traditions: Traditions clearly communicate the practices that NTDSE invests, prioritzes, and focuses its efforts. The team also created five Strategic Priorities that include goals, objectives, action steps and verification indicators. These Strategic Priorities now represent core components of our work for the next three years.

As with any planning document, I ask that you view the NTDSE Strategic Plan as a dynamic rather than a static resource. This plan can be modified, as needed, to reflect changes in education need or available resources. The Governing Board and NTDSE Community can expect bi-annual updates on the progress of this plan as awell as, regular demonstrations of the connectedness between our plan and recommendations to the Governing Board.

I encourage you to view this Strategic Plan and familiarize yourself with this important planning tool for NTDSE. As always, thank you for your support of NTDSE.
