

Dear NTDSE Community,

NTDSE has had the fortunate opportunity of servicing our community for over 50 years. It is an honor for us to partner with our nine elementary school districts in Niles Township to provide quality services to our students, staff and districts and ***empowering all to achieve!***

*NTDSE's Vision is **to be recognized as an organization out in front of education.*** We have over 150 dedicated staff members who strive for this goal every day. In all that we do, whether it is technology, facility enhancement, transportation, curriculum, professional development, etc., we strive to do the very best for our community.

As we continue to evolve as a Cooperative to meet the ever-changing needs of our community, we continue to make students our number one priority. I encourage you to get involved in your child's learning community. Our partnership with you will ensure that each and every child exceeds his or her potential.

I am grateful and proud to be a part of NTDSE. It is an honor to serve this community.

Fondly,

Tarin
